PANTHER PRIDE

COUNTDOWN TO KICKOFF HOMECOMING WEEK 2025

PANTHER PRIDE

Think Pink Day

U-Prep once again came together in a powerful show of community and compassion for our annual Think Pink event. Early that morning, our amazing ASB students volunteered their time to hand out Think Pink bags in the community—spreading awareness and Panther Pride before the school day even began.

This year's Think Pink shirts were designed and dedicated in loving memory of Mrs. Rochelle Angley, whose impact continues to be deeply felt across our campus. The evening concluded with our Think Pink Volleyball Game, played in her honor—a heartfelt tribute filled with energy, emotion, and unity. It was a beautiful reminder of the strength of our Panther family and the lasting legacy of Mrs. Angley.

Red Ribbon Day

Our Junior High Counselor Mrs. Pringle did a fantastic job leading our Red Ribbon Week activities! She organized fun and engaging lunchtime events that encouraged students to make healthy choices and stay drug-free.

She also coordinated our red door decorating competition, with our Junior High award going to Mrs. Robyn Johnson's class, and Mrs. Kramer's class winning for High School! Way to go!

Unity Day

Mrs. Pringle also organized a meaningful and fun Unity Day! She encouraged students and staff to wear orange to take a stand against bullying and spread kindness across campus. At lunch, Mrs. Pringle handed out popsicles with our Peer Mentors and invited students to write thankful notes that will be delivered later—creating lots of smiles and positive energy throughout the day!

PANTHER PRIDE

ASB Trunk or Treat

Our ASB students organized and hosted a Trunk or Treat event at Grant School, welcoming all of their TK and Kindergarten classes. It was a fantastic morning filled with laughter, costumes, and candy! The young students had a blast visiting each decorated stop, and our ASB crew did an amazing job bringing joy and Panther spirit to the community.

Volleyball

The Panthers won their first round of Section Playoffs against Core Butte and are now headed to the Section Finals! Varsity will take on Colusa this Saturday at Foothill High School at 11 a.m.—good luck, Panthers! In the spirit of teamwork and community, members of the volleyball team also joined the SUHSD Special Day class that shares our campus for a fun trick-or-treat outing, visiting offices across campus and spreading smiles along the way. To wrap up their season, the program celebrated with their annual Pumpkin Patch End-of-Season Party, a favorite team tradition filled with laughter, memories, and plenty of Panther Pride!

Lemonade on the Lawn

Our Counseling Team hosted their annual Lemonade on the Lawn event—a favorite U-Prep tradition! Students enjoyed ice-cold lemonade and sunshine while getting the chance to connect with their counselors in a relaxed and friendly setting. It's a fun way to kick off the year, build relationships, and remind students that their counselors are always there to support them.

PANTHER PRIDE

In the Classroom

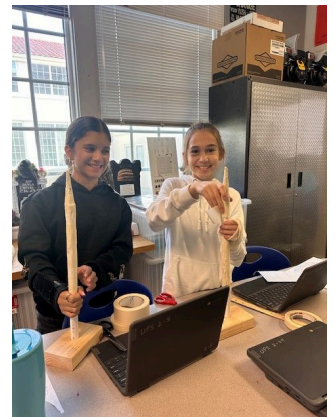

AP Psych- Fear Factor

Mrs. Kramer's AP Psychology classes faced their fears during her annual Fear Factor Day! Students participated in a variety of challenges and activities, each designed to connect directly to psychological concepts from their curriculum. From understanding the science behind fear responses to exploring motivation and behavior, this engaging hands-on experience brought classroom learning to life—plus a few laughs (and screams) along the way!

Rockets w/Mr. Reagan

Our 6th grade students had a blast—literally! As part of their Paxton-Patterson STEM curriculum, students constructed and launched their own rockets under the guidance of Mr. Reagan. This hands-on project gave students the opportunity to apply science and engineering concepts in an exciting and memorable way. The smiles and cheers during launch day said it all—learning really can take off!

Pond Water Exploration

Ms. Hurley's science classes took a closer look at the hidden world beneath the surface during their pond water microscope activity. Students collected and examined samples, discovering an incredible variety of microorganisms and learning how to identify them under the microscope. The activity offered a fascinating, hands-on way to connect scientific observation with curiosity—revealing that there's a whole ecosystem thriving in just a single drop of pond water!
